FS-Series Hand Sealers are compatible with the TISH-Series hand sealers.

- Durable and economical
- Available in 4", 8", 12", 16", and 20" with 2mm, 3mm, or 5mm seal width
- Each sealer comes with a manufacturer's replacement kit of 2 elements and 2 Teflon covers

FS w/ Cutter Series are available in 8" and 12" with a 2mm, 3mm, or 5mm seal width. Seal and trim tubing in one step. Cutter is located 1/4" above the seal line.

Round wire heating elements are available for cut and seal applications. There is no additional charge for the round cut wire. When ordering, add the letters *rnd* to the model number. (For example: a 12" hand sealer with round cut wire would be Item No: FS-300rnd.)

Depending on the model, FS-series sealers can seal material up to 20" wide and 10mil total thickness.

Easy to Operate: Set the timer, insert the bag between the sealing bars, then press down and release.
