

AUTOMATIC UNIFORM FLAP FOLDING CARTON SEALER

Model: CS-558F

This heavy-duty machine seals the top & bottom boxes simultaneously

*Shown with optional casters

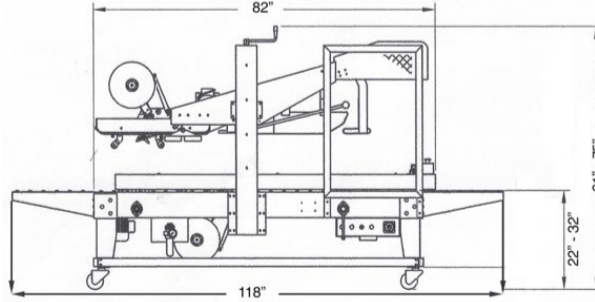

This operator-free machine can be fed from a production line directly into the CS-558F where the machine will fold the top flaps and automatically tape closed. The CS-558F applies a single tape strip to both the top and bottom of the case simultaneously. This four belt drive design is a heavy duty versatile machine designed for dependable performance and easy operation. The CS-558F can be easily adjusted in only seconds to process a different size carton.

Standard Features:

- Fully automatic uniform carton sealer with easy manual carton size adjustment
- Side drive belt design with 2 top drive belts and 2 side drive belts
- Tape head with “Easy Thread” design
- Interchangeable tape heads
- Side pressure rollers to close box top
- Fully adjustable legs

Optional Features:

- 3” (72mm) Tape Heads
- Infeed Conveyor
- Exit Conveyor
- Stainless Steel Frame
- Heavy Duty Locking Casters
