

■ TYPSETS ON IMPRINTERS (HL-M810 / DY-8)

installation INSTRUCTIONS

***Install your print device when your unit is off as the heating block may be HOT.*

We have found that installing typesets on the imprinter may get confusing. Here are some diagrams on how the types are installed on the imprinter and how the imprint will appear on your packaging.

HL-M810 / FRM-1120C(W) Continuous Band Sealer

DY-8B Imprinter
