

SIDE DRIVING CARTON SEALER

MODEL CS-5050AC

sealersales

Conveyors and Casters
Included

Efficiency with Every Box

- Simple to use
- Quick manual adjustment for various box sizes
- Side pressure rollers to close box top
- Two side drive belts for positive feed
- Easy tape head change out - just pop in and lock
- Plug and Play - Includes conveyors and casters

Unlock seamless carton sealing with our **CS-5050AC** featuring a side drive belt design. The operator simply folds the top flaps of the corrugated carton and feeds it into the machine. The CS-5050AC applies a single tape to both the top and bottom of the box simultaneously. The CS-5050AC can easily be adjusted to process a different size carton. Excellent for low profile, small and lightweight boxes.

Experience thoughtful design with our AC series carton sealers – tailored for your convenience. The sealer comes complete with infeed/exit conveyors, casters, and power cord, providing you a plug and play system. Enjoy flexibility in installation – whether you prefer a hanging or fixed conveyor setup, our AC series accommodates your needs seamlessly. Safety is paramount, with cutting blades equipped with a protective cover for worry-free operation. Simplify maintenance with easily replaceable tape heads – just pop them into place and latch for quick and hassle-free replacements. Elevate your packaging process with the user-centric features of our AC series, designed to make sealing cartons a breeze.
