

Make bags out of poly tubing

- Ideal for high volume poly bag and other thermoplastic sealing
- Capable of 15-20 seals per minute
- Allows the user to keep both hands free for quicker and more accurate sealing
- Can seal and cut materials up to 35.4"
- 2.7mm seal width
- Plug in timer to control sealing time needed for different materials
- Impulse seal – timer will automatically turn off
- Consistently flat seal

Easy to Operate:

Our W-Series Foot Sealers feature a sliding cutter and are ideal for extra long high volume sealing. Available in 35.4" length with a 2.7mm seal, the W-Series foot sealers are capable of sealing 15-20 bags/minute. These sealers allow you to keep your hands free for quicker and more accurate sealing. Once the timer is set, the sealer provides a consistently flat seal.

WN-900C is equipped with a 26" steel frame for added safety and stability. A height adjustable working plate is also included. The manufacturer's

replacement kit includes two elements. An optional round element is available for seal and cut applications.

Easy to Operate: Set the timer. Insert the bag between the two sealing bars and press down on the foot board. Hold down the foot board for an additional 2-3 seconds after the timer light goes off to set the seal. To use the sliding cutter, slide the cutting blade across the material.

Features:

Power Supply	110V / 50Hz
Watts	600W / 10Amp
Seal & Cut Length	35.4"
Seal Width	2.7mm
Working Table	27 1/2" x 6 5/8"
Weight (Net / Gross)	75-lbs / 88-lbs
Dimensions (L x W x H)	39" x 18" x 38"
Shipping Dimensions (L x W x H)	46" x 18" x 19"
